Why Serenity Neurology

Serenity Health Neurology is motivated in the pursuit of promoting mental wellness for all our patients. We are able to schedule appointments with nurse practitioners for new patients within a week in most cases.

How We Can Help You

At Serenity, we are focused on improving your quality of life and can effectively help those struggling with Parkinson's, MS, seizures, neuropathy, post-stroke symptoms, and more.

Maheen Malik, MD

"We coordinate with your other providers to ensure your care is exceptional."

Lauren Wilson, FNP-BC

"We take time to know our patients on a personal level in order to more effectively provide care."

Heather Popham, NP-C

"We strive to provide fast and reliable neurological care."
